SUSK announces National Networking Event Series

In November 2013, the Ukrainian Canadian Students' Union (SUSK) secured funding through the Ukrainian Canadian Congress Ukrainian Dragons competition for several initiatives, including creation of a national professional development and mentorship program. Through such a program, SUSK intends to actively engage students with events to build professional skills as well as foster relationships with successful Ukrainian Canadians, including SUSK alumni.

This academic year, SUSK aims to host a series of networking events in major cities across Canada. To this end, SUSK will collaborate with Ukrainian Canadian professionals, including Ukrainian Canadian Professional and Business Associations (UCPBAs), to host events in Calgary, Edmonton, Saskatoon, Winnipeg, Toronto, and Montreal. SUSK will act as a national coordinator, connecting and supporting its member Ukrainian Students' Organizations (USOs) and Ukrainian Canadian professionals with the implementation of networking events in their local cities and communities.

Please view our brief video outlining the proposed project:
